FACIAL BAR SERVICES

LIFT & FIRM Featuring Ceramide with Microcurrent

This lifting and firming facial, featuring a professional-grade microcurrent device paired with Elizabeth Arden Ceramide formulas, is designed to help visibly reverse the ageing effects of gravity. See the appearance of fine lines and wrinkles minimised for a firmer and smoother look.

PROTECT & CORRECT Featuring PREVAGE® with Ultrasound

Combining innovative Ultrasound Technology with Elizabeth Arden's premiere PREVAGE® Skincare, this powerful anti-ageing facial helps protect skin from harsh environmental assaults. Targeting the visible signs of ageing, it helps correct the appearance of sun damage, uneven skin texture and tone, fine lines and wrinkles and discolouration.

BRIGHTEN & RETEXTURISE Featuring Skin Illuminating with Microderm

This renewing facial combines Microdermabrasion Technology and Elizabeth Arden's Skin Illuminating formulas to brighten and retexture the look of the skin by targeting hyperpigmentation, discolouration and dullness. Using crystal-free microdermabrasion with an innovative diamond-tip wand, the unique treatment lifts dull, rough surface skin for a renewed appearance.

HYDRATE & REFINES Featuring Visible Difference and Eight Hour® Cream with Oxy Blast

Bringing together Oxygen Technology and Elizabeth Arden's Visible Difference skincare, this service zeroes in on dry, dehydrated and tight skin. Our professional-grade Oxy Blast device delivers a refreshing cocktail of stabilised oxygen, nutrient-rich minerals and hydrating ingredients to skin's surface. This treatment leaves you feeling renewed, rehydrated and refined.
